Venerable Dekhung Gyaltsey Tulku Rinpoche is a highly revered teacher from the Karma Kagyu Tradition and a renowned healer practicing Tibetan medicine and Chinese Acupuncture. He attained his highest Buddhist philosophical education as an Archarya from Karma Sri Nalanda University, Rumtek, Sikkim India. His Venerable has been effectively instrumental in the overall welfare of the monks of Rumtek Monastery, the main seat of His Holiness Seventeenth Karmapa, Ogyen Trinley Dorje.

Since 2000, His Venerable has been travelling to Malaysia and Australia and has been able to touch many hearts through his in depth Buddhist teachings and healing. Just as his name "Gyaltsey Rinpoche" was prophesized many centuries ago by the great saint lama, Ugen Lingpa, to be a special messenger to carry on Dharma activity; thus His Venerable (with the blessing of HH Seventeenth Karmapa) visits Australia often and wishes to initiate the Buddha Dharma Works to flourish in Australia.

On an auspicious note, a meditation Retreat Centre is being established near Orange in the Central West of New South Wales, also with the blessing of HH Karmapa, and under the spiritual guidance of Venerable Dekhung Gyaltsey Tulku Rinpoche.

*This Dharma Project will enable many people to attain long term Buddhist Dharma practice and meditation formatted in traditional Tibetan training and learning.*

*However, this pure motivation completely relies on the kindness and generosity of donors, volunteers and friends like you.*

*Acquiring the land to establish the centre "Karma Yiwong Samten Ling" (natural beautiful place of meditation) has been completed thus initiating a permanent physical presence of Buddhist Dharma in Australia with an aspiration of benefiting a larger section of the people through the Karma Kagyu Tradition of Tibetan Buddhism.*

*There is no greater practice, no greater accumulation of merits, no greater generosity and no greater means of accomplishment than to bring happiness, true peace and harmony for all the people of the world.*

*My dear friends of the Dharma, I welcome all of your help in this noble undertaking.*  
*Yours in Dharma*

Venerable Dekhung Gyaltsey Tulku Rinpoche
